### SPECIALIZING IN HIGH-END STYLE FOR THE PRACTICAL BRIDE.

If you prefer to focus on other wedding details, I can manage everything from initial concepts, through the printing process, and deliver your finished invitations assembled and ready to mail. If you are a creative do-it-yourselfer who wants to get her hands dirty, we can work together to create materials that you assemble on your own.

Either way, you can rest assured that your invitation will be created to exceed your expectations ... on time and within budget.

**Menu prices are for your custom design, and do not include materials or printing.**

Depending on your design and budget, you may wish to use your home printer, a copy shop (such as FedEx Kinko's), or a print shop for digital printing, off-set printing, thermography or engraving. Prices may vary, as each project is custom and unique.

All Wedding Invitation Clients receive a 15% discount on Birth Announcements!

### WEDDING CORRESPONDENCE

#### Wedding Invitation Design

\$200

Includes initial consultation, sample review, and three complete custom design concepts. During our consultation, we will consider your color preferences, time of year, time of day, style of ceremony, location, guest list/size. In most cases, your concepts will include a personal logo, monogram or design treatment. Concepts will be e-mailed to you in pdf format. A paper mock-up is available upon request. The overall look of the concept you select will be carried out on any other materials you request (below) including Inserts, Programs, etc. Upon selection of a concept, and any final tweaking, I will prepare the files and return them to you for printing.
